Gordon is a recognized professional services design firm providing civil engineering, landscape architecture, land surveying, land planning, and physical site security design to a broad spectrum of market sectors and clients. What makes Gordon unique is the way we practice in both the public and private market sectors. Gordon has a proven track record of working with federal agencies, such as the Department of Veterans Affairs, USACE, NAVFAC, DHS, GSA, NIH, NPS, WHS, Architect of the Capitol, Smithsonian, and others. Additionally, we work with numerous local municipalities and state agencies, in addition to K-12 schools and higher education schools. Our private sector work includes a vast land development portfolio comprised of large mixed-use campuses, data centers, residential subdivisions, multi-family developments, retail, and industrial projects.
